

Application for:

_____ **Art, Film, and Visual Studies 98R**
Junior Tutorial

_____ **Term, 20**_____

Preparation for thesis is begun in studios and seminars and is carried to completion in a AFVS 99 tutorial during senior year. *In rare instances*, students needing special preparation not available in regularly offered courses can enroll in an optional junior as well as special projects supervised by individual faculty members (AFVS 91R). Students can petition for a grant to a AFVS 98r tutorial. A special budget request form is required and is available from the department office.

After final approval has been given for enrollment, The DUS will need to approve the tutorial in your Crimson Cart. The DUS will not sign off on the tutorial unless the project is approved by the project advisor (requires signature below).

NOTE: This form is not necessary for Film and Visual Studies track concentrators taking the AFVS 98: Junior Tutorial as a required course.
